

## Discipleship Groups

In this time of COVID-19, we know it has been difficult being away from each other. One of the essential ministries for connection is our discipleship groups. Our discipleship groups have not met in person since early March. These groups are not just about studying scripture, but also provide support and fellowship. And so we will be beginning discipleship groups once again, though a bit differently. After much consideration about safety, our groups will begin meeting outdoors with social distancing for the time being. Each group leader has chosen to meet on the church campus, in different shaded spots. Please bring a lawn chair with you to sit. Each group member will sit at least 6 feet away from each other. All in person groups are dependent upon weather conditions. And bathrooms are still closed. Won't you consider connecting with others and growing in your faith through one of our Discipleship Groups?
